

AGRICOOOP

Please carefully read and follow the guidelines below before submitting your job application form. Failure to comply may result in disqualification or cancellation of your application.

To apply through Agricoopnic (www.agricoopnic.org), you must first sign up on the website and create an account. Once your account is created, sign in and click on “Apply Now” to begin the application process. After filling every step click on “Submit” then “Next”.

Please ensure that your email address is valid and active, as all important updates, such as exam details, application status, and confirmations, will be sent via email. Using an inactive or incorrect email ID may result in missing critical information.

All fields in the application form must be filled out truthfully and accurately. Incomplete or inaccurate details may lead to the rejection of your application. Furthermore, providing false or misleading information (such as incorrect identity details, educational records, etc.) will result in the immediate cancellation of your exam without any refund.

Each applicant is permitted to apply only once per Aadhaar number. Duplicate entries will be automatically disqualified, and you will not be allowed to reapply using the same Aadhaar number. Please ensure you enter your Aadhaar number carefully, as incorrect or fake numbers will lead to cancellation of your application and exam eligibility.

You must upload all required documents (e.g., photograph, ID proof) in clear, high-quality JPEG or PNG formats only. Blurred images or unsupported file types will not be accepted.

Your application will be considered successfully submitted only after payment has been completed. Once the payment is done, you will be able to download your Application Card from our account.
